PROPOSED RULE CHANGES FOR 2026**

(Use 1 form for each rule change)

CHANGE IS:

 NEW ADDITION
✓ DELETION (partial)

CURRENT RULE:

Rule 2.1 Game Rules 9 + 9A 6 live ball plays during
regular season and playoffs.

NEW RULE:

Minimum 6 live ball plays continues for regular season, during
post season/playoffs no minimum play requirements.

REASON:

No other rec sport has minimum playing requirements for
post season play. This allows us to put our best on the field for a
competitive playoff game. Also eliminates a ref during SB to monitor playing time.

 DELETION

 X ADDITION

CURRENT RULE:

6 game season

NEW RULE:

We propose starting the season earlier to allow additional voluntary conditioning and staggered byes while staying fully GHSA-compliant. The schedule includes 8 regular-season games, full playoffs (First Round → Quarterfinals → Semifinals → Super Bowl), and a November flexibility weekend to ensure all games are completed safely.

REASON:

This change improves preparation, balances competition, and accommodates high school field availability.

PROPOSED RULE CHANGES FOR 2026**

(Use 1 form for each rule change)

CHANGE IS:

_____ NEW

X ADDITION

_____ DELETION

CURRENT RULE:

Rule 1.7 1b "... if any agency does not offer 6U, a 6U aged athlete may go to the geographically closest park or organization that offers the 6U age group based on their home address and organization/agency's home field address"

NEW RULE:

Open this rule to all age groups so that players who's closest park who does not offer a team within that age group may choose to either play up or go to the next closest park that does offer that age group.

REASON:

Improve Game Play and Increase safety: Fewer injuries should occur since there would be fewer players playing in an age group for which they are under developed. Game play would improve since coaches would not be required to play under developed players in a game for 6 snaps each. Practice would improve since more complicated football concepts would be more easily understood by a team with a higher average of appropriately developed players.

PROPOSED RULE CHANGES FOR 2026**

(Use 1 form for each rule change)

CHANGE IS: X NEW ADDITION
 DELETION

CURRENT RULE:

No rule in place

NEW RULE:

Offensive linemen or teammates are permitted to assist or push the ball carrier forward during short-yardage plays (commonly known as a “tush push”), provided it is done safely, does not involve lifting, provided it does not involve illegal blocking techniques like interlocking interference, or otherwise physically endangering the ball carrier. This rule follows GHSA guidelines and clarifies that such forward assistance is legal.

REASON:

During a reg. season game, a play involving teammates pushing the ball carrier was called back due to a lack of clarity in our rules. Our current rulebook does not reference GHSA guidelines regarding the “tush push,” nor does it specifically address offensive linemen assisting the ball carrier. This addition ensures consistency with GHSA rules, provides guidance to coaches and officials, and prevents future misunderstandings or penalties for legal plays. **PRESENTED BY:** Savannah Rogers

 DELETION

CURRENT RULE:

14. The maximum number of coaches allowed for football on the sideline is 6. For cheer squads, the maximum number of coaches allowed on the sideline is 4. One water boy/girl is permitted. Any person declared as a water boy/girl must be under the age of 18 years old. All football and cheer coaches should always have their NGYFA coach's badge with them on the sidelines for identification.

NEW RULE:

Each team may have 1 Team Mom Badge.

REASON:

With roster sizes reaching up to 35 players this season, having a background-checked adult assigned to assist our minor water carriers and help respond to minor injuries or heat-related issues on the sideline is a critical safety need. Coaches are often fully engaged in game play and cannot/don't always step away, so allowing a designated adult to fill this role ensures players receive immediate attention and helps maintain a safe, organized sideline environment for all athletes.

Rule 2.1 – Game Rules #14. The maximum number of coaches allowed for football on the sideline is 6.

NEW RULE:

The maximum number of coaches allowed for football on the sideline is 8.

REASON:

Helps to keep kids organized on the sideline when teams have a high number of players. Teams where their top assistants may miss games. Tough to get parents to help fill those coaching needs during practice, then tell them they can't coach on the sidelines during games.

NEW RULE:

Hall County Teachers and/or Administrators that live out of the district they teach at should be allowed to play/cheer for the district they work in. This rule would only apply to individuals with a teaching certificate.

REASON:

This was part of the Hall County rules that were taken out last year, but later on the executive board voted this specific rule back in. This needs to be transparent under the rules of the website.

CURRENT RULE:

Blitzing is allowed in all age divisions except in the 6U and 7U leagues. Also, a defensive player cannot line up on the center in the 6U and 7U leagues. Additionally, the quarterback cannot run a sneak play straight behind the center while lined up under the center or from the shotgun formation. Blitzing is a tactic used by the defense to disrupt the offense. A blitz is when a higher than usual number of players rushes the opposing backfield. In both the 6U and 7U leagues, defensive teams can have a maximum of 6 players on the line of scrimmage. _____

NEW RULE:

6U and 7U line of scrimmage is TE to TE or Tackle to Tackle. Corners can play press coverage. Linebackers must start 3 yards off of the line of scrimmage. - safety

REASON:

To help the official recognize a team that is blitzing, and stop teams from having more that 6 players on the line of scrimmage.

NEW RULE:

All required badges (coach, delegate, or other staff) must be submitted by the designated submission deadline established by NGYFA each season.

Any badge requests submitted after the deadline will be considered late submissions and will incur an additional late fee of \$X per badge, in addition to the standard badge cost.

\$10

2 wks prior

Late submission fees must be paid in full by the end of each season.

REASON:

This rule should be put into place to ensure timely processing, league compliance, and efficient season operations.
